

Altoona Public Library's 2021 Summer Reading Program will, like last year, be online via the Beanstack platform. Most aspects of the multi-age program will retain its familiarity, in that we'll still be offering guessing game challenges, picture puzzles and literacy extension activities, and, of course, opportunities to log and meet weekly reading goals. The more participants take part in all that the library has to offer via their fun, interactive 8-week online summer reading program, the more prize tickets they will earn to put toward our fabulous prize line-up.

Like past summer reading programs, this "for fun" online version is open to readers (and future readers) of all ages and abilities. Those entering grade 6 and under this fall, will want to enroll in the *Kids' Summer Reading Program* for a chance to win some fantastic prizes. Likewise, students entering grades 7-12 in the fall will want to enroll in the *Teen Summer Reading Program*.

There'll also be an *Adult Summer Program* for those "grown-ups" who want to get in on the prize action as well.

Challenges for all age groups will begin June 7th and will run through July 31st.

Interested? There are 3 easy ways to sign up. Please choose the option that works best for you and/or your family:

1. Web version URL: <http://altoonapubliclibrary.beanstack.org/>

2. Beanstack Mobile App (Available in the Play and App Stores)

3. Paper based reading log/activity packets at the library. Starting June 7, you may call 715-839-5029 to schedule a pickup time (Hours: 10-4 M, W, F, SAT and 1-7 Tues & Thurs) to receive your weekly logging/information sheets.
